SUPPORT TO MEET YOUR INDIVIDUAL NEEDS

At Vanderbilt-Ingram Cancer Center, we’re committed to providing exceptional care, including helping patients cope with the physical and emotional demands of cancer. This year may continue to look and feel a little different, but we continue to be here for you, every step of the way. The goal of our Patient and Family Support Services is to educate and engage you and your loved ones with resources to meet your needs, from diagnosis to long after treatment ends. Most of our programs and classes continue to be offered virtually, so you can participate without leaving the comfort of your home.

Cancer Pain Specialists

Our VICC Cancer Pain Specialists assist patients with managing problematic symptoms such as cancer treatment-related pain, nausea, vomiting, diarrhea, fatigue, constipation, and others.

The Clinic, located on the 1st floor TVC clinic, is staffed by expert physicians, nurse practitioners, and pharmacists who work in collaboration with your primary oncologist to maximize quality of life by minimizing symptoms.

Patients may self-refer by calling (615) 936-8422 or ask their medical team to request an appointment.

VICC Psych/Oncology Program

Counseling Services

It is common for people with cancer to experience a range of emotions such as stress, anxiety, depression, and grief. Because your emotional wellbeing is important to us, VICC has partnered with Vanderbilt Behavioral Health to provide the best available care to our patients.

Psychiatric medication consultation and psychotherapy (counseling) services are available to our patients throughout treatment and up to one year beyond.

If you would like more information about these services or to discuss a referral, please contact your oncologist or social worker.

We’re Here When You Need Us

Are you experiencing any symptoms such as pain, nausea, vomiting, diarrhea, or a temperature over 100.4 after normal clinic hours? Call us for same day assessment and consultation 24/7, including evenings, weekends, and holidays.

To talk with the doctor on call and help decide the best option, please call us at (615) 936-VICC [8422] or toll-free at 1 (877) 936-VICC [8422].

INTEGRATIVE MEDICINE:

Healing Focused on Your Whole Health

The Osher Center for Integrative Medicine at Vanderbilt is where you’ll find health care designed around your whole health—mind, body, and spirit.

Integrative medicine goes beyond just treating your symptoms. It’s an approach to care that empowers you to be active in your healing and lifelong wellness.

Integrative medicine uses proven, research-based therapies such as yoga, acupuncture, mind-body counseling, and massage that work with traditional medicine to help you achieve better health. We offer complementary therapies to help you heal and we work with your traditional medical care so you can live more fully, cope better with medical conditions and be more engaged in your own health.

Insurance coverage for our services and classes will vary. Most insurance plans cover integrative health consultations and physical therapy with a physician referral. Some plans also cover psychotherapy. Please check with your insurance company to verify what your policy covers.

CURRENT SERVICES AND CLASSES:

We offer these services and classes to help you reach your health goals and live well:

- Acupuncture
- Group Therapy

The Vanderbilt Dayani Center offers virtual group exercise classes designed for those with high levels of medical complexities and illnesses such as cancer. We offer a wide variety of land-based classes to help you achieve your exercise goals. These classes are designed to help improve strength, range of motion, and cardiovascular stamina. Please see our website dayanicenter.com or email dayanicenter@vumc.org for additional information and monthly schedule.

PHYSICAL THERAPY

Vanderbilt Dayani Center

Our physical therapists provide one-on-one complete exercise plans to address physical limitations, pain, weakness, fatigue, limited movement and lymphedema prevention strategies following cancer treatment. Manual therapy to release scarring, decrease pain and improve mobility is performed as needed. Therapists tailor programs and therapies to each client’s needs and interests.

Doctor referral required. Call (615) 322-4751 to schedule a consultation.

CERTIFIED LYMPHEDEMA THERAPIST

Vanderbilt Dayani Center

The Vanderbilt Dayani Center also offers lymphedema services for those with swelling following cancer diagnosis. Therapists tailor programs and therapies to each client’s needs and interests.

Doctor referral required. Call (615) 322-4751 to schedule a consultation.

RESTORE WELLNESS PROGRAM FOR STEM CELL TRANSPLANT PATIENTS

Vanderbilt Dayani Center

This program is for patients who have had an allogeneic stem cell transplant. It is designed to improve cardiovascular fitness, strength, and functional ability through guided exercise sessions with clinical supervision.

Doctor referral required. Call (615) 322-4751 to schedule a consultation.

Cancer Medical Fitness Program

For patients receiving treatment at VICC

This exercise program helps patients improve their physical fitness during and after treatment at VICC.

Consultation

Cost: $45 Patients will meet with an exercise physiologist (a specialist who develops exercise programs that help patients recover from diseases and procedures). This consultation can either be an in-person appointment or done remotely by telemedicine using a phone, tablet, or computer.

The exercise physiologist will ask about the patient’s:
- exercise history
- exercise likes and dislikes
- exercise equipment (if the patient has any)
- ability to go to a gym

Dayani Physical Therapy PRE-hab

For patients recently diagnosed with cancer, this physical therapy assessment and treatment is to help you get strong and prepared for surgery and/or your cancer treatment. Studies have shown that patients who undergo individualized pre-habilitation treatment may better withstand and improve after treatment. Our individualized program is patient centered and designed to address any limitations you may have to help you become physically ready for the next step in your journey.

Exercise program

The exercise physiologist will use the information from the consultation to create a special program for the patient based on their specific goals and abilities.

How to schedule an appointment

Patients should request a referral from their provider to schedule an appointment. If you have questions or need more information, please call us at (615) 322-4751 or email us at dayanicenter@vumc.org.
EXERCISE CONSULTS

Vanderbilt Dayani Center

Many gyms and community centers in Nashville are resuming operations. The Vanderbilt Dayani Center is a medical fitness facility where those with high levels of medical complexities and illness come for services. Therefore, we have not reopened all membership services at this time.

Telehealth Personal Fitness Visits

Meet online with one of our exercise physiologists to design or update a personalized exercise program for your home. Exercise and physical activity have been seen to reduce cancer risk, improve cancer survival, improve physiological, and psychological function during treatment. Cost: $45 per appointment.

Virtual Group Fitness Classes

Our clinical virtual group fitness classes are designed to help patients improve and maintain their physical capacities in a supportive environment where you can participate in the safety and convenience of your own office or home. During the classes, you will connect with others going through or just finishing medical treatment at VUMC. They are $35 a month for class 3 times a week.

For more information, call (615) 322-4751 or visit www.dayanicenter.com

Anyone can attend but only with a Vanderbilt physician referral.

• Each class consists of a brief educational topic designed to support your health and wellbeing such as how to use your diaphragm, sleep hygiene, stress management
• The movement part is composed of a circuit training including cardiovascular function, strength, core work, balance, and posture
• We finish the class with gentle and easy movements linked with breath
MASSAGE THERAPY
Vanderbilt Dayani Center
Licensed massage therapists can help patients feel better, reduce pain and lower stress. Our massage therapists are specially trained to provide safe and effective massage to a variety of clientele, including cancer patients. 
Doctor referral required. Call (615) 322-4751 for more information.

MASSAGE FOR CANCER CARE
Osher Center for Integrative Medicine at Vanderbilt
Therapeutic massage helps build a connection between mind and body. Massage can help ease symptoms, like pain and fatigue, lower stress and help with scarring and adhesions. Our massage therapists are specially trained in providing safe and effective massage to cancer patients. Provider referral needed for therapeutic massage for active patients. Call (615) 343-1554 if you have questions.
By appointment only. Call (615) 343-1554.

CANCER REHABILITATION PHYSIATRY
Cancer rehabilitation physiatry is the specialty focused on partnering with individuals who have or have had cancer to optimize their function and physical well-being. Cancer rehabilitation can be part of your care before (prehab), during and after cancer treatment. This may involve several specialists including physical therapy, occupational therapy, speech language pathologist, and physiatry. Everyone’s needs are unique, and your rehab care team will be individualized to you. The goal of cancer rehabilitation is to enhance your ability to participate in your lives at home, at work, with your hobbies and priorities.

A physiatrist or physical medicine and rehabilitation physician is a medical doctor who focuses on treating and improving function. A cancer rehabilitation physiatrist has additional training and/or interest in the challenges that cancer and its treatment can have on function. Your evaluation by a physiatrist will help determine what is contributing to any functional impairments or pain so that the appropriate treatment plan can be created. This may include ordering imaging or labs, prescribing medications, recommending braces or equipment, performing procedures, and collaborating closely with your oncology care team and your rehabilitation care team.

Cancer rehabilitation can help with:
• Improving your mobility and walking
• Increasing your strength and endurance
• Facilitating your ability to perform your activities of daily living and caring for yourself (i.e. getting dressed, taking a shower, etc.)
• Decreasing pain
• Reducing fatigue
• Improving joint pain, stiffness, and range of motion
• Addressing symptoms of numbness, tingling, or weakness
• Managing swelling related to lymphedema
• Addressing long term or late effects of radiation fibrosis syndrome

Outpatient Cancer Rehabilitation Physiatry Clinic
The clinic is currently located in The Vanderbilt Clinic (TVC). If you would like to be evaluated by cancer rehabilitation physiatry, ask your provider for a referral.
HEALING FOR BODY AND MIND

ACUPUNCTURE
Osher Center for Integrative Medicine at Vanderbilt and Vanderbilt-Ingram Cancer Center

The goal of acupuncture is to encourage the body to improve its functioning and help ease the side effects of cancer treatment. It improves quality of life and well-being by easing pain, nausea and fatigue, while boosting the body’s immune strength. It does not replace regular cancer treatment, nor does it treat cancer.

Acupuncture visits to help improve pain and addiction as well as ease symptoms of withdrawal from medications are now available at the Vanderbilt-Ingram Cancer Center on main campus. Cost is $31 per session. Call (615) 936-VICC [8422] to schedule an appointment. Referrals not necessary.

HEALTH PSYCHOLOGY
Osher Center for Integrative Medicine at Vanderbilt

Our board certified health psychologists work one-on-one with patients to identify underlying experiences and challenges which may be impacting their health. Patients receive information and tools to help achieve a long-term, positive lifestyle change through increased confidence and motivation.

Doctor referral required. Call (615) 322-4751 for more information. Or Osher at (615) 343-1554. Integrative Health Consult required.

HEALING QIGONG
Osher Center for Integrative Medicine at Vanderbilt

In this class, you will use “energy skill” to help your body, mind and spirit reach a state of peace, calm and better energy. You will be taught breathing techniques to help quiet the emotions and calm the mind. You will be guided through gentle movements that may optimize the possibility for healing and well-being. Come experience this ancient art for yourself!

Ongoing monthly series,
Wednesdays
3:30 p.m.-4:30 p.m. CT

MINDFUL SELF-COMPASSION
Osher Center for Integrative Medicine at Vanderbilt

This 9-week class combines the skills of both mindfulness and self-compassion. Mindfulness will begin the journey of emotional healing by helping us to turn toward and acknowledge when we have a difficult thought, feeling, or sensation with a sense of openness and curiosity. Self-compassion will then help us in responding to those difficulties with kindness, sympathy, and understanding. We will learn to soothe and comfort ourselves during moments of pain and suffering. How would you comfort a close friend who is struggling? We will learn to build that same caring attention for ourselves, to recognize that we too are human and worthy recipients of compassion.

Runs in 8 weeks series with a half-day Saturday retreat—9 weeks total.
Tuesdays 6:00 p.m.-8:30 p.m. CT, January 18 - March 15
Half-Day Retreat Saturday, February 26, 9:00 a.m.-1:00 p.m.

Your experience matters.

You're invited to join the Vanderbilt-Ingram Cancer Center (VICC) e-Advisory Group.

Cancer Changes Us. Tell Us More.

If you are currently a VICC patient, family member or primary caregiver, here is an opportunity to help us make some improvements – all from the comfort and safety of your home.

We believe that excellent healthcare happens when patients, their families, and medical teams work together as partners. The purpose of a virtual advisory group is to learn from your perspective and experiences, which will help in the development and implementation of VICC programs, policies, and practice standards.

Please consider joining us as a volunteer VICC e-Advisor. You will be able to share your feedback by completing surveys and giving suggestions.

All information will be kept confidential. We do ask demographic questions to ensure we are hearing from a diverse population that reflects our patients' varied experiences.

As a first step, we will ask you to join our greater VUMC Advise Vanderbilt community. After 3 days, you will receive an additional survey, specific to your experiences with your cancer care.

To join, please visit www.advisevanderbilt.com/c/r/join

Vanderbilt-Ingram Cancer Center Young Adult Program

Are you age 20 – 45 and recently diagnosed with the ‘c’ word?

We get it. It’s unbelievable. A cancer diagnosis is inconvenient, disruptive, and totally unfair. You are probably feeling so many things right now and are not even sure what to think. But cancer doesn’t have to be lonely, and certainly not hopeless. We are committed to helping you navigate your care as a young adult with a cancer.

We can help connect you to support services in a variety of areas including:

- Reproductive health, fertility, and sexuality
- Body image
- Financial/insurance guidance
- Access to age-specific support groups and individual counseling (keeping mentally well)
- Dealing with ‘scanxiety’ (it’s real)
- Pain management
- Nutritional counseling/wellness/exercise consultants
- Genetic counseling
- Managing symptoms/palliative care (supportive care)
- Educational/vocational resources
- Integrative health
- Music/art/pet therapy
- Living with cancer/life after cancer/surviving cancer
- Connecting with other survivors/cancer warriors
- Parenting with cancer
- Navigating relationships

For more information, visit our website at YoungAdultsWithCancer.com or call the VICC Patient and Family Resource Center at (615) 322-9799.
Current Updates in Cancer Survivorship
Wednesday, February 23, 2022 • Noon–1:00 p.m. CT
Presented by: Liz Winkler, MSN, APN-BC and Ellen Miller, MSN, NFP-BC

Some people don’t identify with the word ‘cancer survivor’ – maybe you are a thriver, a warrior, or just someone living with cancer. If you or a loved one has been diagnosed with cancer, this workshop is for you!

Things you will learn:
• What cancer survivorship really means — and that it does not mean only those with no evidence of disease are considered a survivor
• How the Vanderbilt REACH for Survivorship program is a unique service in our region to serve post-treatment physical, emotional, and practical needs
• Why having an individualized Survivorship Care Plan can benefit you for your future health and well-being
• How one patient has learned to navigate their life after a serious diagnosis

Call (615) 936-5706 or Julie.bulger@vumc.org for questions
