

for good health.

Vanderbilt Bedford Hospital

Vanderbilt Bedford Hospital is proud to bring the strength and resources of Vanderbilt Health to Shelbyville and the surrounding region. From our first day, we have been focused on making health care personal for each member of this wonderful community.

The health of the community includes its financial strength and stability, and we are pleased to have made a significant impact in this regard by employing hundreds of our neighbors and giving back in many ways.

Accredited by The Joint Commission and certified by the American Heart Association, Vanderbilt Bedford Hospital is a 60-bed facility that offers a range of inpatient and outpatient medical and surgical care, including primary care, general surgery, orthopaedics, urology, women's health, emergency care and more.

Mission.

Through the exceptional capabilities and caring spirit of its people, Vanderbilt will lead in improving the health care of individuals and communities regionally, nationally and internationally. We will combine our transformative learning programs and compelling discoveries to provide distinctive, personalized care.

CALENDAR YEAR 2021 COMMUNITY IMPACT

There were many reasons Vanderbilt University Medical Center acquired the hospital in Shelbyville, chief among them being expansion of access to high-quality, distinctive and personalized care. Embedded in this drive is serving the community and creating ties within it.

We're proud of our investments in making health care personal for each member of this community, including millions in capital investments and tens of millions in salaries that flow throughout the local economy.

But a health care system should be more than a place to heal; it should be a driver of health in everyday lives. Reaching beyond the walls of Vanderbilt Bedford Hospital—and certainly beyond the walls of Vanderbilt Health's main campus in Nashville—is of the highest importance.

This is why Vanderbilt Health has brought to Bedford County its commitment to sponsoring community programs and providing millions of dollars in uncompensated care.

These are the results of just our first year. We look forward, with excitement, to a future of working alongside the amazing individuals in Shelbyville and advancing the health and well-being of the region.

C. Wright Pinson, MD, MBA

\$8.0 million in capital expenditures

31,930 clinic visits

*Based on fiscal year 2022 (July 2021 to June 2022).

The far-reaching and meaningful impact our facility has had on Bedford County in the last year shows the many connections we have established throughout our community.

At Vanderbilt Bedford Hospital, we strive to be a force for good for the whole community. During our most recent fiscal year, our facility played a vital role as part of the community's social safety net by providing \$23.1 million* in uncompensated care, bearing out our commitment to being the foundation of health and healing for all people in Bedford County.

Our local-minded approach to Vanderbilt Health's mission of making healthcare personal has fostered trust-filled relationships between patients and their physicians and care providers.

This is only possible because of the heartfelt dedication of our incredible employees. For them, we cannot express enough gratitude. Incredibly, this year we are celebrating a 95% retention rate among our nurses. There may be no clearer measure of our staff's passion for caring for this community.

We are privileged and honored to serve the people of Bedford County and look forward, with enthusiasm, to serving this incredible community for years to come.

Bill Rich, MHSA

President of Vanderbilt Bedford Hospital

Angela Malik, DNP, RN, NE-BC, CPHQ

Chief Nursing Officer of Vanderbilt Bedford Hospital
